Sibling Send Home Guide

Choosing INDIVIDUAL PUPPIES FOR PLACEMENT INTO A MULTI DOG ENVIRONMENT INCLUDING A HOME TOGETHER IS MORE ABOUT PEDIGREE AND BREED THAN THE INDIVIDUAL PUPPIES. IF BOTH PARENTS, AND ALL FOUR GRANDPARENTS, ARE NOT LIVING HAPPILY IN A MULTI DOG ENVIRONMENT THEN THE LITTER IS NOT THE IDEAL ONE FOR MULTI DOG PLACEMENTS. IF THE BREED, LINE, OR FIRST DEGREE RELATIVE IS KNOWN FOR INTRA HOME DOG INTOLERANCE, SAME SEX AGGRESSION, DOG AGGRESSION, OR REQUIRES A “CRATE & ROTATE” LIFE THE LITTER IS NOT A GOOD CANDIDATE FOR MULTI DOG PLACEMENT. ONLY THE MOST PRO SOCIAL, LOW KEY, TOLERANT INDIVIDUALS FROM BREEDS AND LINES BRED FOR MULTI DOG HOMES SHOULD BE CONSIDERED, DO NOT EXPECT YOUR CLIENTS TO LIVE WITH INTRA HOME DOG FIGHTING WHEN YOU CAN PREDICT THIS AT THE BREEDER LEVEL.

Evaluation OF INDIVIDUALS IS MEANT TO IDENTIFY OUTLIERS WHO ARE LESS LIKELY TO SUCEED IN A MULTI DOG HOME DUE TO BEHAVIORS THEY EXHIBIT AROUND THE TIME OF PLACEMENT. EVALUATION IS NOT A “TEMPERAMENT TEST” SO IT DOES NOT GUARANTEE ADULT BEHAVIOR. IT IS MEANT TO ENCOURAGE BREEDERS TO OBSERVE THEIR LITTER TO MAKE THE BEST PLACEMENT CHOICES POSSIBLE.

EVALUATION OF INDIVIDUALS IS MEANT TO IDENTIFY OUTLIERS WHO ARE LESS LIKELY TO SUCCEED IN A MULTI DOG HOME DUE TO LACK OF CONFIDENCE, TROUBLE BONDING STRONGLY WITH HUMANS, TENDENCY TO OVER REACT, OR SHOW POOR SOCIAL AND CONFLICT RESOLVING INSTINCTS. WHILE ENVIRONMENT IN THE NEW HOME IS IMPORTANT SO IS BREEDER SELECTION OF TWO PUPPIES WHO HAVE THE BEST CHANCE OF SUCCESS.

WHEN EVALUATING AVOID PUPPIES WITH LOTS OF ORANGE OR RED PAWS AND LOOK FOR PUPPIES WITH LOTS OF GREEN
